# ANOTHER STAR WARS PODCAST

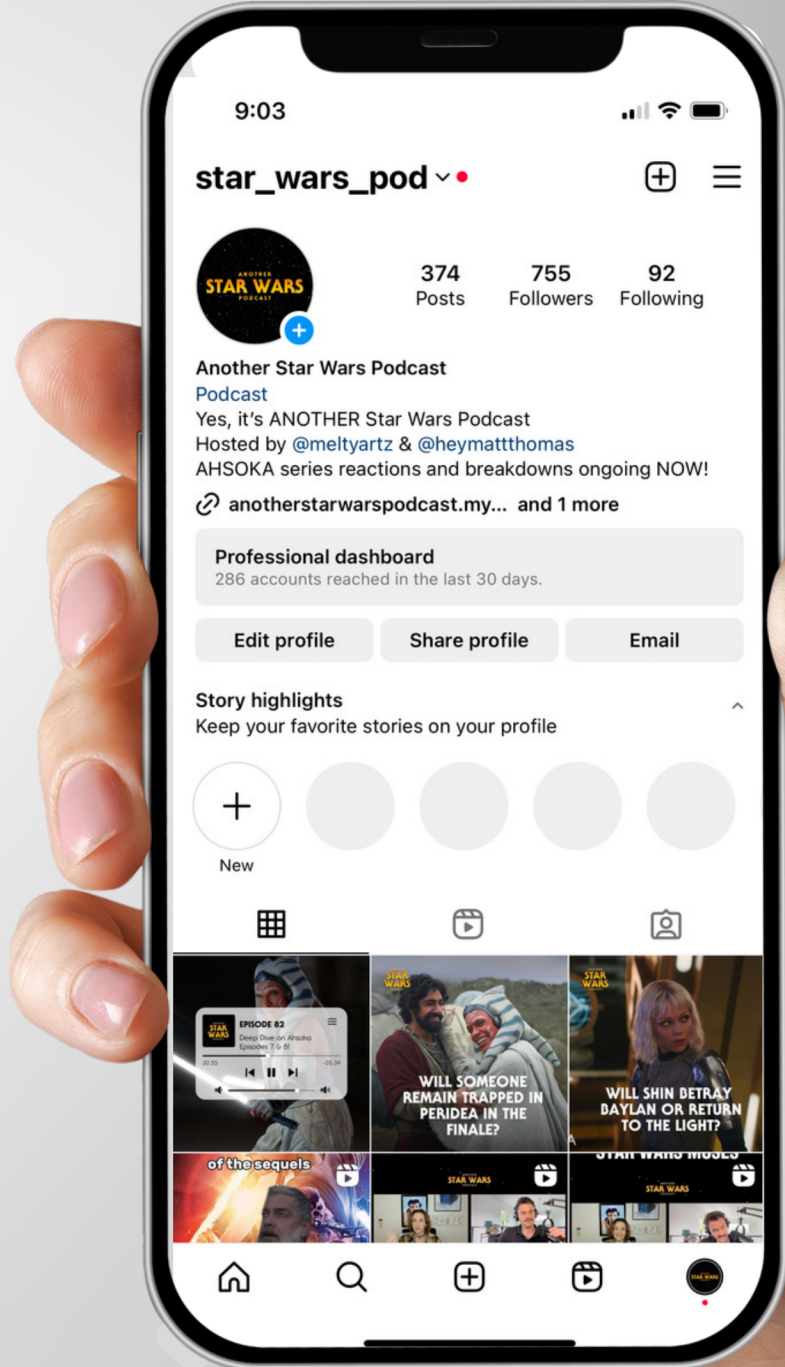

Hosted by myself and my brother Matt, we started a Star Wars podcast in 2021, at the height of the COVID pandemic. We still podcast today, covering all the latest Star Wars Projects.

Since 2021, we've generated over 132k views on select videos, and have gained over 5,000 followers.

For this podcast, I've created a logo, video intro, graphics for Instagram, Twitter, and YouTube, Podcast graphics, along with creating the graphics inside the videos for editing.
